Our story

How we got our start?

Founded in 1990, our original vision was to create high performance products that offer unique value and in-trend style. 30 years later now, these core values still hold true and drive us to deliver high-quality automotive accessories across the world.

What makes our product unique?

Our Los Angeles based design team is made up of product designers with years of experience in the automotive field. They constantly evaluate new processes and technologies using advanced R&D methods, keeping us at the forefront of emerging trends and helping us to offer the best products possible.

Why we love what we do?

Because we love to see our customers happy! You deserve nothing less than to be absolutely thrilled with your purchase, and our USA-based support team is here to ensure that's the case.
