

# Casio Unisex MRW200H-4BV ""Neo-Display"" Black Watch Review-2021

Pastic

Made in the USA or Imported

If you're searching for great value in a classic diver-look watch, look no further than the MRW200 from Casio. Its 44.6mm face and large indexes provide at-a-glance information.

Couple this with a bi-directional rotating bezel and 100 meter water resistance and you've got a timepiece that's easy-to-read, simple-to-use and durable.

Black resin band analog with black face with orange color accents.

100M Water Resistant Casio Men's Dive Style Watch

Casio's classic diver-look watch series is now available with a splash of color. The MRW200 has 44.6mm face, large indexes and day/date display for easy reading. Couple this with a bi-directional rotating bezel, 100 meter water resistance and an additional 24 hr index, and you've got a timepiece that's simple-to-use, a great value and durable. Black resin band analog with black face with orange color accents.
