

Kewlloo Men's Heat Trapping Shirt - Sweat Body Shaper Vest for Men, Mens Bodysuit Slimmer Saunasuits, Shapewear Compression Top, Gym Belt Exercise Jacket, Versatile and Discreet Review-2021

[Read Customer Reviews](#)

SWEAT MORE - Sweat hard, keep dry: this garment was designed to increase perspiration but keep it all inside. Kewlloo sauna suit stimulates sweat during exercise 3x times more than normal clothing to aid in burning fat by preserving body heat where it matters most: your abs, lower back, chest & waist. The waist slimmer makes you sweat in the right spot using the comfort antislip waistband that is absorbing sweat so you're always dry on the outside.

PERFECT SIZE FIT - Finally a full body shaper that fits your size. Most of the other waist slimmer compression body suit got it wrong and offer an uncomfortable experience with an undersizing design. At Kewlloo, WE worked the perfect sizing for YOU.

FAST RESULTS - Maximize heat exposure and helps burn more calories **FASTER** by deploying evolutionary pressure on your body during workouts or everyday activities and forcing it to adapt. Speed up recovery time: keeps your muscles warm so you can ease in and out of physical exercise and help prevent muscle or joint injuries.

PREMIUM QUALITY - Made from high-quality polymer fabric, this waist toner traps the heat and intensifies natural sweating 3x times more so you'll enjoy a hot-sauna-like experience and the associated health benefits. More sweat, less time. This shaper workout shirt will make you look slimmer **INSTANTLY**. It's built with a special technology that compresses the belly and hips. You can wear it with other exercise equipments and everyday clothes.

BYE BELLY FAT - This compression t-shirt for men is the secret weapon for your fitness journey, simply wear it discreetly under any outfit and **WATCH** your body **TRANSFORM!** Put this waist toner on and **INSTANTLY** feel how it tucks your tummy in, trims your waistline and give you a more toned and athletic look. (while working it's magic in the background)

Key Features & Benefits

Innovative Fabrication

Heat Trapping Polymer & Spandex composition that preserves body heat and stimulates more natural sweating to maximize results.

Wet inside & Dry outside

It's special material increases body temperature and absorbs sweat so you're always dry on the outside. Enjoy the benefits of sweating without the big mess!

Faster Results
