Gift Box--Stylish, attractive and stable, it was packed in an elegant box for protection and also enable it to be gives as a nice gift to your friends, family and colleges;

GUARANTEE--100% Guarantee available. Any product issue makes you dissatisfy with this belt within the GUARANTEE PERIOD, let us know and we will make it right, Full Refund or a Free Replacement, whichever you prefer.BULLIANT-From Nature, for the Nature

BULLIANT, More than a belt manufacturer, is a belt designer. Using nature material for each item to explain the nature of every personality, Bulliant belt design is for a comfortable daily use but more than that, also the confidence and enjoying of a life, by well matching different dresses.

Reversible and Durable

The reversibility turns one belt into two different colors from front to back sides, It is a good choice for different dresses without buying more belts, the genuine leather and precise process ensure its top quality for a durability; --Material: Genuine Leather; soft and durable; --Buckle: Zinc with strong and green coating , scratch resistance; --Force: 60lbs locking force resistance; --Packing: Elegant gift-boxed; --Size: Adjustable by cutting the strap for fit; --Attention: Resuming 1day every week to make it refresh; --Maintenance: Dry at room condition, away from heating or sunshine directly;

Exact-Fit

Cut to Fit: New design for exact fit, so easy to take the strap down to cut for desired size, no headache of buying a too short size, specially while taking as a gift but no precise waist of the objective, just buying bigger and cut it later on, no headache of more holes. How to cut the belt as following, also an instruction is available in packing box for details: 1:Turning buckle Groove Box at the cross position to Buckle, you will find a small hole at the side of the Box; then using thin screw-driver or nipper to opening the Groove door from the hole; 2: Taking the strap out from the buckle and Cutting the strap for your desired size; 3: Putting back the sized strap into the buckle and close the groove while keeping it at cross position to buckle; 4: Turning back the groove box to parallel position;
