## MOROCCANOIL HYDRATING STYLING CREAM YOUR SECRET STYLING WEAPON

Meet the secret weapon for a perfect at-home blowout. MoroccanOil Hydrating Styling Cream combines the conditioning benefits of argan oil with just the right touch of hold and definition. The result? Silky smooth, frizz-free styles that are full of life. Designed for all hair types.

### STYLIST TIPS

#### HOW TO USE HYDRATING STYLING CREAM

For best results, after shampooing and conditioning, apply 1-2 pumps of Hydrating Styling Cream with a few drops of MoroccanOil Treatment to damp hair and style as usual or allow hair to dry naturally. For daily use, a pea-sized amount on dry hair fights frizz and can also be combined with a small amount of MoroccanOil Treatment to refresh style.

#### Argan Oil

Rich in antioxidants, vitamins and essential fatty acids, this rare and precious oil has been used for centuries to nourish hair and skin.

#### About the Brand

MoroccanOil began with the iconic MoroccanOil Treatment and now offers a full line of argan oil-infused hair and body products.

#### Signature Scent

Memorable and addictive, the signature MoroccanOil scent is an iconic juxtaposition of spicy amber and musk with sweet floral.
