Stainless Steel Frame, Ergonomic Non-slip Handle

Perfect Solution to Remove Callus

Just 10 Minutes

Step 1

Soak your feet for ten minutes or take a shower/bath; It will make the dead skin soft and easy to remove.

Step 2

Use the big one to quickly get rid of the outermost layer of cracking or foot crust

Step 3

Choose coarse side to file the rough areas of your feet first. Afterward, choose fine side to file the same areas to make it extra soft and smooth.

Step 4

You can apply some body lotion to feet and your feet will feel comfortable. Soft, light and moistening feel cream is easy to be absorbed by skin after foot file.
