Happy Pups Enjoy Their Freedom

Join the hundreds of thousands of people who have discovered the freedom of walking two dogs without juggling between leashes. Our customers enjoy having a free hand to open doors, hold an umbrella or carry a bag. This leash allows freedom for your pets to walk ten feet in any direction for up to 20 feet between the two. They can be as close as they want together or explore independently on their own while you keep control of each. Both the leads and brake buttons are color-coded, so youâ€™™ always know exactly which dog youâ€™™re controlling. The struggle to hold two leashes and keep them untangled is over.
